

## It's time to *Get Involved*

It's an exciting time for Legana!

The Tasmanian Government is committed to building a new \$20 million primary school at Legana, providing state-of-the-art learning spaces for 350 students and has partnered with the West Tamar Council to include a sporting precinct around the new primary school to enhance school and community facilities. We are expecting that the school will be up and running by 2024.
